Subject : Tel Mond & Nathaniya Police Post.

The public Works Dept. Nablus asked me to have copies of the plan of the above sites for preparing tenders for Fencing.

On checking my files I found out that the plan of Nathaniya Police Post was sent to you under covering Letter No. TLR 15/17 dated 16.8.1933 (Your G695-5655 of 12.7.1933 refers) and that no copies were left in this office.

With regard to the Telmond Police post I beg to state that the original Plans are kept by you and I have only copies attached to the Deed of Sale (Your LD 46/27 refers)

I should therefore be obliged if you would kindly send me the plans in original in order to prepare copies to the P.W.D. and for the files at this Office or if not possible to send the original please supply me with two copies of each.

Tel Aviv 24th December, 1934

H.M. Foot, Esq.,
Assistant District Commissioner,

District Offices,
Nablus.

Dear Foot,

Thank you for your letter of the 21st inst.,
Ref.T/140/19-2-5351,. We have completed the parcellation
of the new settlement area in which the new Police Post
is situated and I observe from the table of areas
submitted to me by our surveyor that the parcel for the
Police Post is marked under No.82 A&B and comprises an
area of 2074 M2 whereas in your letter you state that
the area is 2104M2.

We have not registered this parcellation
scheme in the Land Registry as we are waiting for the
Settlement Officer to pass this scheme, but copy of the
parcellation scheme was submitted to the Survey
Department.

I enclose herewith copy of our general map
from which the scheme of the whole settlement can be
seen as on the actual maps submitted to the Survey
Department this plot for the Police is shown in two
different maps.

I hope this will do and if you wish to have
the actual parcellation plans kindly let me know and
I shall send you copies of the same.

(2)

There is no objection on our part to transfer the plot to Government, but the general practice is that it is impossible to effect a transfer of land until the plan has been approved by the Land Registry. If, however, the Land Registrar agrees to effect the transfer I shall be prepared to send our representative on a date previously agreed upon by us to appear at the Land Registry on our behalf to sign the necessary documents.

Yours sincerely

Reference:- Your P.1/228. of 14.6.34.

I visited the sites of these two posts on 12.6.34.

2. In regard to the site for the Tel Mond Post a complication has arisen from the fact that the Palestine Land Development Company who own the site and the land round about have just made out a building programme which, if followed, would have the effect of giving our post a less prominent position than it should have.

In view of this a new siting Board was formed and an alternative site selected some 100 metres away from the original one. The Landlords are all out to help in the matter and the adjustment of the leasing formalities are in hand. They are being pressed through the various offices by the Assistant District Commissioner. Work cannot commence until these formalities are completed and the speed with which this is done depends on the offices concerned. No effort is being spared, as far as the Assistant District is concerned, to have the matter pushed from office to office. It is hoped that the building will be completed before the winter.

3. In regard to Nathania the work on the well has been temporarily suspended owing to lack of funds (which are now awaited) but the work on the construction of the building is proceeding at a good rate. The outer shell of the main building is about 10 feet above ground. It is expected that this Post will be completed before the winter.

2. It has been found that the site selected requires a little over two dunums which will however be more accurately determined from the plan.

I quote from a letter received from
Palestine Plantations Ltd.

" I forwarded your draft to our legal
adviser to have his opinion and as soon as
I hear from him I shall communicate with you
again.

As far as I can see, the only objection
that he may raise is with regard to the period
effecting the transfer. It often takes a long
time until the Architects, the surveyors and
the Land Registry have completed the necessary
formalities, therefore I would not like to state
the period of one year from the date the sum
of £P.20 was paid, particularly when I do not
demand the money from the Government until we
have transferred the land.

Objection may also be raised with regard
to the amount of damages. You write that the
Company shall be liable for all consequent
damages. We cannot sign a clause of damages
without knowing what this amount will be.

*B.F.
T.M. Dushan*

It seems to me that there was a clerical error in paragraph 3 where you say "one year from date for the sum of £P.20." I presume that it should be "one year from the date the sum of £P.20 was paid".

I shall be glad to hear whether you confirm this so that the matter is proceeded with as soon as I receive a reply from our legal advisor. "

I consider the observation to be reasonable. Although the questions of damages may not arise, I do not see how Palestine Plantations can undertake an unlimited liability. I myself am unable to decide on the intention of para 3 of the draft which might be "from the date of this agreement" or "from the date the sum of £P.20 was paid". In any case there should I imagine be a comma after "date". Will you please correct the draft in accordance with the intention.

I should be glad if you will send me at your earliest convenience a revised draft as the District Engineer has already given the contract for the work to commence and may be liable for damages to the contractor if he does not actuate it forthwith.

The Manager of Palestine Plantations Ltd. is prepared to allow water to be taken from Tel Mond provided that pipes are installed by Government for the short distance which will separate the new Police Post from the adjacent orange grove.

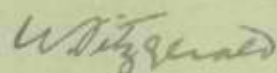

The Palestine Plantations Ltd. are prepared to accept a price of SP.10. a dunum for the four dunums which the Board recommends should be acquired. This is a reasonable price and is almost certainly considerably lower than the price which would be asked for similar sites in the neighbourhood of Tel Mond.

23rd. November, 1933

Report of a siting board appointed to select an appropriate site for a Police Post at or near Tel Mond.

At the request of the Inspector - General of Police a siting board was appointed on the 31st August, 1933 to select a site for a Police Post at or near Tel Mond.

2. The Board met on the 25th August and selected two alternative sites near Evan Yehouda. The Acting Senior Medical Officer subsequently reported that both sites were situated in areas where there is a serious danger of malaria.

3. The Board then reassembled on the 3rd. October, 1933, and selected a new site in the lands of Palestine Plantations Ltd. A location plan together with a siting plan ^{is} attached.

4. The site is on high ground with a good outlook over the surrounding colonies. It is just over one Kilometre from the alignment of the projected Jaffa-Haifa road and immediately overlooks the feeder road which will be built from the Jaffa-Haifa road to the colony of Tel Mond.

I, Mr. David Kaminsky, authorised to sign on behalf of Palestine Plantations Limited, do hereby authorise the Government of Palestine to enter into and take possession of a plot of land measuring about two dunams and 200 sq. metres for the purpose of constructing a Police Post at Tel Mond, being part of the land registered in the name of the said Company under deed No. 93 of the 28th January, 1932.

The said two dunams and 200 sq. metres are more particularly described on the plan attached and coloured in red.

I further undertake on behalf of the said Company to transfer by way of sale the title of this property to the name of the Government of Palestine within the period of one year from to-day at the rate of LP.10. per dunam.

If the Company fails to effect the transfer within the said period, the Company shall be liable for all damages to the total value of the buildings erected on the land the subject matter of this undertaking.

I further undertake not to mortgage the said land or create any encumbrances thereon.
